NOTE: The subdued background shown can be produced by an electrostatic plotter using a modified pen table or by using conventional layering methods with screens. While this procedure is recommended to enhance the clarity of certain plan sheets, the use of this process is optional.								USER NOTES											
NOTE: For project related sheets, see standards: P-03.10; P-03.25; P-05.10; P-05.20; P-07.25								Reference No.	<div></div>	Comments
